

Forged Edge Disks

Do you know that there is just as much difference in the quality of steel used in harrow and plow discs as there is in the quality of steel used in pocket knives?

If you will compare the life of CLARK'S CUTAWAY discs with those used on other makes of harrows you will come face to face with this fact. Every disc, large or small, that goes on a CLARK implement is made of high grade cutlery steel, especially rolled to our own analysis and forged sharp. Any blacksmith will tell you that a forged edge keeps sharp long after a ground edge is worn completely away.

Let us give you a copy of "The Soil and its Tillage."

Big Auction Sale

SATURDAY, JULY 6, 1919
COMMENCING AT 1 O'CLOCK P. M.
AT DAN KLEINMAN'S STABLES
MESA, ARIZONA

Will absolutely be sold without reserve or limit.
Fifty head of U. S. government artillery mares and horses. These animals conform to U. S. army standards, and are being disposed of only because they are in excess of peace requirements. They are most mated in pairs, and will be sold that way.

Ranging in age from five to eight years, weighing from 1300 to 1500 pounds each. They are the best put up, well built lot of stock that anyone ever saw. You will find no blemishes whatsoever on them. They were selected and passed upon by Uncle Sam's best judges. Let their judgment be yours.

This stock has been at Camp Cody, New Mexico, for the past two years, where climatic conditions are about the same as here, so they are acclimated and will stand the heat and hardships of this country as well as stock raised here.

This being the poorest time of the year to dispose of stock of this kind, you, of course, realize that it can be bought for 50 per cent less than its value, as well as 50 per cent less than you will have to pay three months from now. Furthermore, it will be almost impossible to obtain this kind of stock then.

Our advice is to BUY when you have the chance. At the prices you will pay for this stock, you can easily afford to keep them for three or four months even though you have no use for them at the present time. You will save money as well as have the right kind when you do need them.

Terms of sale: We will give six months time with approved 10 per cent note. Two per cent discount for cash, or will accept Liberty bonds at face value.
Stock will be at corral a few days before sale. Call and look them over. There will absolutely be none of this stock sold before sale.

For further particulars call or write, C. R. McMillen, Auctioneer, 311 North Seventh Ave., Phoenix, Ariz. COX BROTHERS, Owners of Port Worth, Texas.
